MASS MEETING TO PROTEST TAX RAISE

Called To Be Held Here Saturday Following Failure To Get A Reasonable Reduction.

As a result of the inability of the special committee sent to Frankfort Wednesday to obtain anything like a reasonable reduction in the increased assessment ordered upon Madison by the State Tax Commission, a mass meeting to protest against the injustice which is being perpetrated upon the taxpayers of this county, has been called to be held in Richmond Saturday afternoon. The call for the meeting is signed by County Judge W. K. Price and County Attorney O. P. Jackson, who went to Frankfort on the committee named by the Fiscal Court. The State Tax Board refused to give a substantial reduction to increased assessment previously ordered by it, merely reducing the raise of \$4,375,000 on lands to \$4,200,000, and on lots from \$500,000 to \$400,000.

Messrs. T. S. Burnam and N. B. Deatherage were valuable additions to the original committee named.

Judge Price exhibited to the board during his argument the U. S. Government Soil Map which shows that something like 40 per cent of the land in the county is very inferior land, not susceptible to successful farming and a large percent of which is absolutely valueless.

Mr. Burnam stated in the course of his talk that he, as a citizen and a member of the delegation, would only ask that Madison county be assessed for taxation at its just proportion with other counties in the state, according to its fair cash value, but apparently the members of the State Tax Commission were not sufficiently impressed by the representations of the delegation to grant a material reduction.

Chairman J. A. Scott, of the Commission, stated that they had arrived at their conclusion as to the proposed valuation of lands in the county from three sources of information: first, the actual transfers of property from September 1, 1917, to July 1st, 1918, furnished by the County Clerk; second, the testimony in the case of the Illinois Central Railway vs. the State of Kentucky, in which it was shown that the average assessment of real property in Kentucky was about 60 per cent; third, that the report of their agent in this county, after a complete investigation, covering every section of the county, and all types of land, was that Madison land was not now assessed at over 50 per cent of its true value. For these reasons, he stated, that the board placed an increase sufficient to make it 85 per cent of its true value which is the basis established by the board for all the counties of the state.

The call for the mass meeting Saturday to protest against the action of the State Tax Commission and decide upon further steps that may be taken, as issued by County Judge Price and County Attorney Jackson, reads as follows:

Notice to the Taxpayers of Madison County.

Every taxpayer in Madison county is earnestly requested to attend a public meeting at court house Saturday afternoon at 1:30 P. M. to protest against the unjust action of the Tax Commission in an endeavor to raise taxes on the real property of the county beyond the bounds of all reason, equity and justice. A delegation of prominent citizens went to Frankfort Wednesday and made a gallant fight before the tax commission, to consider the claim for Madison county relative to the taxable property of the county. There seems to be an erroneous impression prevailing among the members of the tax commission; that is, they seem to think or infer that because a few farms in the heart of the country—the best land—have brought good prices, all the land in the county should be assessed at a price in accordance with the farms so sold. Under this contention this will bring an average of all land in the county up to about \$65 per acre, assessed value, or an increase of \$4,600,000 in the county. This is wholly unjust to taxpayers of the county, and it is the duty of every citizen to raise his voice and protest against this injustice. Madison county is a large county and has thousand acres of land which is very poor, besides hundreds of acres of wash land. It will be unjust to assess this land as tho it were fertile soil, and in a high state of cultivation.

The State Tax Commission seems to be laboring under a misapprehension and unless the citizens begin an active and aggressive campaign against this injustice they will be forced to pay the penalty of this indifference, an increase of \$4,200,000 in taxable value. Every man who believes in

Lenine Offered To Trade With U. S. and England

Washington, March 6—Raymond Robins, of Chicago, before the Senate Committee today investigating lawless propaganda made an important announcement that the Russian Bolshevik government a year ago offered to denounce the Brest-Litovsk treaty and resume war against Germany if assured of American and British co-operation. It was no forthcoming and then Lenine induced the all-Russian soviet government to ratify the treaty. Robins was former head of the American Red Cross in Russia.

A Great Picture Tonight

A double bill is scheduled for the local theatres Thursday night with two big features. Frank Keenan, the foremost character actor in America, has reached the height of his achievements in his screen portrayal of Mathias in "The Bells," made familiar to the English speaking world by Henry Irving. Mr. Keenan's conception of the conscience-tortured murderer rejects the accepted stage tradition and is entirely original. It is a vivid, masterly conception, marked by gripping, haunting terror and softened by infinite pathos. One witnesses the working of implacable fate, the torture, the anguish of the man and the well-springs of pity softens the emotions of the beholder.

It is a picture of pictures, one of the new Pathe Extra Selected Star photoplays, and will be shown at the local theatres on Thursday.

Fine Pickford Picture. The admirers of Mary Pickford will find "Caprice" a reissue of one of her early cinema successes, which is on view at the local theatres Thursday, highly entertaining. It is an excellent photoplay and affords our Mary a most congenial role, that of a mountain girl, a rough diamond, who love and happiness after a series of interesting adventures.

Divides Estate Among Children

D. P. Black, of this city, was named executor of the estate of the late Samuel Black, in the last will of Mr. Black which was probated in county court Monday. Mr. Black disposes of an estate consisting principally of the house and lot known as the Moberly property in this city and estimated to be worth \$13,000, and about 400 acres of land in this county on Otter Creek. After advancing \$500 each to his two daughters, Misses Belle and Nettie Black who have made their home with him, the deceased divides his estate equally among his children, J. D. Black, D. P. Black, T. C. Black, and the two daughters. He also gives G. E. Black \$2,600 and the children of W. R. Black \$2,600. The estate also includes a small tract of land in Laurel county. The will was drawn October 5, 1912, and is witnessed by L. P. Evans and R. E. Turley.

The will of Thomas Norris was probated in county court Monday. Mr. Norris was unmarried, and his will bequeathed all his property, both real and personal, to his three sisters, Misses Ida, Nannie and Lucy Norris, of College Hill.

honesty and fair play, equal and exact justice to all should attend the meeting Saturday afternoon. There will be able speakers, and the seriousness of the present situation will be thoroughly discussed.

There will also be a discussion of the proposed 20 cents road tax which is now being considered by the people. W. K. PRICE, County Judge. O. P. JACKSON, County Attorney.

HIGHER WAGES THAN BEFORE THE WAR

Predicted By Federal Reserve Board In Survey of Conditions—Raw Materials Unsettled.

(By Associated Press) Washington, March 6—Confidence that business conditions are readjusting themselves "in a fairly satisfactory way," although not as fast as many interests wish, was expressed today by the Federal Reserve Board in its business review for February. It asserts there has been over-anxiety and exaggeration in regard to unemployment which does not seem to have grown worse during the month. There has been no general wage revision downward, but a tendency to let wages settle to a definite level is indicated which "will undoubtedly be higher than before the war." It says the textile industry presents the most difficult problem in view of the unsettled condition of raw material values. Banking conditions in general show a condition of greater ease.

English Newspapers Discuss Wilson's Speech

(By Associated Press)

London, March 6—President Wilson's New York speech occupies a prominent place in the editorial columns of the newspapers here. Some editors see in American domestic politics the key to the Senate opposition to the League of Nations. The Telegraph believes the Senate will veer with American popular opinion. The Chronicle says European democracies are watching the situation with anxiety because American co-operation is indispensable. The News believes the Senate could not refuse to ratify the League if the people approved. The Post it not inclined to find fault with the Senate, indicating it, like the rest of the world, wants time to think things out before being rushed into the plan by enthusiastic idealists.

P. A. C. Infirmary Bazaar

April 12, was the date selected by the hospital board at its regular meeting Tuesday afternoon, for the annual Easter bazaar. The Masonic hall has been engaged as the place best suited for holding the bazaar. The chairman will call a meeting later of those who will be asked to fill the chairmanship of the different booths and tables. The effect of the bazaar this year will be that of spring time and of the Easter spirit, while the more practical object will be to make money with which to pay the running expenses of the hospital for our sick. Let every man, woman and child of the city add something to make this most necessary cause a success.

Italy May Get In Bad

(By Associated Press) Washington, March 6—Bulletin—Italy has been warned by the American government that unless she ends delays in the movement of relief supplies to the newly established Jugoslav and Czech-Slavic states, steps will be taken to cut off the flow of American food stuffs to Italy. It is intimated Italy has inaugurated a blockade in order to obtain political advantage.

Richmond Officers "Arrest" Tagless Dogs

Richmond policemen are busy enforcing the dog law these days, so if your pet dog that you've forgotten to get a license for, fails to come home some day, just drop around to the city pound and look 'em over. And you'd better go soon after you miss him, for under the law the officers are authorized to kill the animals if they are not claimed and license paid. So far about 14 have been taken up and all but one has been killed. All dogs taken up are kept for a day in order that the owners may have full opportunity to redeem them and pay the tax. Although some 2,700 dogs were licensed in Madison, there are quite a number reported as having been seen in the city and out in the county without license, and the officers have no alternative but to enforce the law, and take them up.

Responsibility For War Fixed

(By Associated Press)

Paris, March 6—The peace conference report fixing the responsibility of the authors of the war, it is understood to be completed tonight and presented to an early meeting of the Supreme Council. American Secretary of State Lansing is chairman of the committee. The report is closely guarded but is understood, while fixing the moral responsibility, fails to find a legal responsibility because there is no precedent or no law governing the case or no court existing to try the accused if legal guilt is found to be evident.

Next Important Step Toward Sewers and Paved Streets Will Be Taken By City Council.

Bids for the \$150,000 in bonds which the city of Richmond has issued for the new sewer and street improvements will be opened at the regular meeting of the city council tonight. From all advance indications there will be a number of bidders, with possibly several right here in Richmond. Investors know that bonds of the city of Richmond are good as gold in every way, and that there is going to be a substantial premium bid for them, few have any doubts. The opening of the bids will be an interesting ceremony and will mark one more step toward the splendid improvements to this splendid city that will follow.

There are several other matters of importance to come before the City Fathers at this session tonight and the March meeting promises to be an interesting one.

MOTHER! DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

If Cross, Feverish, Sick, Bilious Clean Little Liver and Bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their little bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue. Mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold, or has sore throat, or any other children's ailments, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipated poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeits sold here. Ask your druggist for a bottle of "California Syrup of Figs," which has full direction for babies, children of all ages, and grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company,"

Corns, Calluses Quit Quick!

Two Drops of "Geta-It" Will Do It.

Ever hand-carve your toe with a knife trying to get rid of a corn? Ever use scissors and an oil of the corn too close to the quick?

"Geta-It" Puts Your Feet in Clover—It Ends Corns Quickly.

Ever pack up your toe with "contraptions" and plasters as though you were packing a glass vase for parcel post? Ever use greasy ointments that rub off on your stockings? Ever use sticky tape that gets jerked off when you pull your stockings off? Kind of foolish, when 2 or 3 drops of "Geta-It" on any corn or callus gives it a quick, painless, peaceful, dead-sure removal. Why putter and suffer? "Geta-It" stops corn pains, it lets you work, smile and dance, even with corns. It's the common-sense way, the only simple, easy way—peels corns off like a banana peel. Used by millions. It never fails. "Geta-It" is the guaranteed, money-back, corn-remover, the only way, costs but a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago, Ill.

Sold in Richmond and recommended as the world's best corn remedy by Stockton & Son.

Mr. and Mrs. A. B. Wagers, of Cincinnati, are sojourning at Carlsbad Springs. Their many friends in Richmond and Madison county will be pleased to know they are both greatly improved in health.

Why Take Calomel?

Dr. Thacher's Liver & Blood Syrup will do all that calomel will do and without the "after effects."

Years ago, when people were bilious, when the liver got lazy and failed to do its work or the stomach was out of condition, calomel was the standby.

By and by the users of calomel found that the "after effects" of taking the drug were as bad and more often worse than the ailment for which it was taken.

Dr. Thacher, in seeking a medicine to take the place of calomel—one that would do all the good that calomel would do, and yet leave none of its evil effects perfected Dr. Thacher's Liver & Blood Syrup. This was in 1852, and each year since has added to the confidence of those who have used it.

Miss Susie Brewer, of Chattanooga, Tenn., tried calomel. She was suffering with a very serious cold and gripe and had no appetite whatever. After the calomel failed she tried Dr. Thacher's Liver & Blood Syrup. She felt better after taking three doses and she soon got entirely well. "I think Dr. Thacher's Liver & Blood Syrup is a wonderful medicine," she said, "and I am very thankful I tried it."

For nearly three quarters of a century this sterling preparation has been an "old stand-by" in thousands of homes in treating rheumatism, dyspepsia, indigestion and other stomach and liver complaints. It is a powerful tonic and blood purifier and can be used with the utmost confidence.

Write Thacher Medicine Co., Chattanooga, Tenn. for a copy of "Thacher's Family Doctor," a book giving causes, symptoms and treatment of 47 common diseases. Dr. Thacher's Liver & Blood Syrup for sale by dealers in medicines everywhere.

British Want Indemnity For Lost Sailors' Families

(By Associated Press)
Paris, March 6—The peace conference commission on reparation, today that question and the method of payment of damages by enemy states. London dispatches quote Premier Lloyd George and the House of Commons government leader Bonar Law, the former saying the British would first demand reparation for sea losses with indemnity for the families of lost mariners. The latter is quoted as saying the country expected to get the best possible indemnities, but it is useless to hope they will wipe out the

country's immense war debt. Meanwhile the Supreme Council's program this afternoon includes hearing of committee reports on the peace treaty.

STRONG FOR HALY

FOR GOVERNOR

W. S. Fitzgerald, former jailer of Boyle county, and one of the best posted politicians in this part of the state, was in Richmond today. Discussing state politics, he said that he personally is for Percy Haly for the democratic nomination for governor, declaring that Haly will give the state the best business administration she has ever had. He said that he favors Hon. Wm. Jennings Price, of Dan-

ville, for the democratic nomination for Congress to fill the vacancy caused by the death of Congressman Harvey Helm. Price is at present Minister to Panama. It is not known whether he will be a candidate or not, and Mr. Fitzgerald says if he isn't, that his mind is open on the subject.

J. C. McClary, of Stanford, was with friends here today.

FAIR VIEW

The Home of "Vatican," "Bermuda Girl" and famous "Nell"
at Public Auction

ON
WED., MAR. 19th

AT 10 O'CLOCK A. M.

ON THE PREMISES

I will offer for sale for James J. Neale, this fine farm of two hundred and two and one-half acres, situated on the Lexington pike, (Dixie Highway), about one and one-half miles from the city limits of Richmond, Madison county, Ky.

This farm is known all over the United States as the home of Vatican, the great sire, and Nell, the first mare to produce five trotters in the 2:10 class, including Bell-Vara with two world records to her credit; and Bermuda Girl, a Futurity winner in the nineties.

It is within one and one-half miles of Richmond, a city which has always been noted for its morality, its culture and its wealth. Educational facilities are unbounded—the Eastern Kentucky State Normal School, Madison Institute, and two large High Schools make it an educational center.

The farm faces on the Dixie Highway from the south side—the right side, because the prevailing winds are from the south and the dust always goes the other way, and the afternoon shade will always be on the front porch.

ALL THIS LAND IS WELL WATERED WITH PONDS AND SPRINGS

There is no better land in the Bluegrass, and real bluegrass will continue to go up for years, because it is limited in amount and is considered the most productive land in the world. Everybody wants a piece of bluegrass land. It is known all over the world. It will raise Corn, Tobacco, Hemp, Wheat, Oats, Rye, Truck Garden—anything that grows in moderate climate. It produces the Kentucky Thoroughbred, export cattle, fine hogs, sheep, and develops them to perfection.

I am going to sell this farm for the High Dollar, and if you want land, come and see this.

To See It Is to Want It

For the benefit of those who want a home and are unable to buy the whole tract, it will be offered in tracts, and then as a whole. Where will you ever again find a more beautiful place for a home than these small tracts?

The Four Tracts

TRACT No. 1—30 acres, unimproved, facing on Dixie Highway, a beautiful building site, adjoining the land of Mr. H. B. Hanger.

TRACT No. 2—30 acres, unimproved, facing the Dixie Highway, another beautiful building site, adjoining the above tract.

TRACT No. 3—60 acres upon which is located a tenant house, large barn with silo, which can be used for either stock or tobacco barn. This tract is between Tract No. 2 and Tract No. 4 and has an excellent building site for a dwelling on the Dixie Highway.

TRACT No. 4—82½ acres upon which is situated an excellent modern dwelling, with water and lighting systems, all necessary outbuildings, 2 large barns, one with silo, can be used for either stock or tobacco, tenant house and everything essential for a good home. This tract faces the Dixie Highway and is bounded on the north by the Jack's Creek pike.

I have made many sales in Madison county, and I have never failed to sell any land I have offered.

This land is up for sale to the highest bidder and it is going to sell.

DON'T FORGET THE DATE—Wednesday, March 19th, 1919, at 10 A. M.
Terms will be announced on day of sale and will be liberal.

Girls! Use Lemons!

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable lemon skin beautifier at about cost one may pay for small jar of the ordinary cold creams. Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin. It is simply marvelous to smoothen rough, red hands.

THE MOST DANGEROUS OF ALL DISEASES

No organs of the human body are so important to health and long life as the kidneys. When they slow up and commence to lag in their duties, look out! Danger is in sight.

Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, or have pains in the back, wake up at once. Your kidneys need help. These are signs to warn you that your kidneys are not performing their functions properly. They are only half doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system.
